

Proceedings
of the
FLORIDA STATE
Horticultural Society
1957

VOLUME LXX

PRINTED 1958

CONTENTS

Officers for 1957.....	IV
Officers for 1958.....	V
Constitution and By-Laws.....	VI
President's Annual Address, Robert E. Norris, Tavares.....	1
Better Methods of Preserving the Quality of Fresh Fruits and Vegetables, W. T. Pentzer, Agricultural Marketing Service, U.S.D.A., Washington, D. C.....	5
Some Present Problems and Future Possibilities in Florida's Agriculture as They Relate to the Facilities and Staff of the Florida Agricultural Experiment Station, J. R. Beckenbach, Director, Agricultural Experiment Stations, Gainesville.....	10

CITRUS SECTION

Department of Fruit Crops of the University of Florida; Its Organization and Objectives, John W. Sites, Florida Citrus Experiment Station, Lake Alfred.....	15
The Ascorbic Acid Concentrations of Grapefruit of Different Sizes, William G. Long, Paul L. Harding, and Mortimer J. Soule, Jr., U.S.D.A. Agricultural Marketing Service, Orlando.....	17
The Effect of Pack-out on Grower Profits, W. Grierson, Florida Citrus Experiment Station, Lake Alfred.....	21
Cultivation Trials in a Young Bearing Grapefruit Grove on Sandy Ridge Soil, Robert E. Norris, Florida Agricultural Extension Service, Tavares, and Paul F. Smith, Agricultural Research Service, U. S. Department of Agriculture, Orlando.....	28
Phosphatic Insecticides Mixed with Oil Emulsions for Scale Control and their Effect on Fruit Quality, W. L. Thompson and E. J. Deszyck, Florida Citrus Experiment Station, Lake Alfred.....	31
Zineb Controls Citrus Rust Mite, Roger B. Johnson, John R. King, and J. J. McBride, Jr., Florida Citrus Experiment Station, Lake Alfred.....	38

Relation Between Moisture Conditions and Rust Mite Infestations, Robert M. Pratt, Florida Citrus Experiment Station, Lake Alfred.....	48
Heat Treatments for Obtaining Sources of Virus-free Citrus Budwood, Theodore J. Grant, Agricultural Research Service, U. S. Department of Agriculture, Orlando	51
Current Position of State Plant Board in Control of Burrowing Nematode, Ed L. Ayers, Plant Commissioner, State Plant Board, Gainesville.....	54
Current Information Relating to Barriers for the Burrowing Nematodes, R. F. Suit and T. L. Brooks, Florida Citrus Experiment Station, Lake Alfred.....	55
How Burrowing Nematodes Affect Citrus Roots, E. P. DuCharme, Florida Citrus Experiment Station, Lake Alfred.....	58
Susceptibility of Certain Citrus Varieties, Species, and Relatives to the Burrowing Nematodes, William A. Feder, Agricultural Research Service, U. S. Department of Agriculture, Orlando, and Harry W. Ford, Florida Citrus Experiment Station, Lake Alfred.....	60
The Experimental Studies on Citrus Nematodes, George Renninger and Boris Sokoloff, Florida Southern College, Lakeland.....	63
The Two Medfly Eradication Programs in Florida, Ed L. Ayers, Plant Commissioner, State Plant Board, Gainesville.....	67
Comparison of Experimental Miticides for the Control of Purple Mite, Metatetranychus Citri (McG) on Citrus, John R. King and Roger B. Johnson, Florida Citrus Experiment Station, Lake Alfred.....	69
Occurrence of Wood Pocket (Blotch), Chimeric Breakdown, and Endoxerosis in Florida, with Particular Reference to the Tahiti Lime, L. C. Knorr, Florida Citrus Experiment Station, Lake Alfred, and J. F. L. Childs, U. S. Department of Agriculture, Orlando.....	75
Factors Affecting Dieback and Growth Response of Young Transplanted Citrus Trees, Gordon R. Grimm, U.S.D.A. Agricultural Research Service, Orlando	82
Spray Materials for Decontaminating Nematode-infested Grove Equipment, A. C. Tarjan, Florida Citrus Experiment Station, Lake Alfred.....	85

VEGETABLE SECTION

Effect of Plant Spacing on Yield and Plant and Ear Characteristics of a Single and a Double Eared Sweet Corn Hybrid, Emil A. Wolf and Howard W. Burdine, Everglades Experiment Station, Belle Glade.....	90
Effects of Amine-type 2, 4-D Hormone Sprays on Yield, Skin-color and Skinning of Red Pontiac Potatoes, E. N. McCubbin, Potato Investigations Laboratory, Hastings	93
Comparison of Broadcast and Row Fertilization for Potatoes on Kanapaha Fine Sand, J. G. A. Fiskell and W. K. Robertson, Florida Agricultural Experiment Station, Gainesville.....	96
Summer Cover Crops in Potato Production, Donald L. Myhre, Potato Investigations Laboratory, Hastings.....	104

Five Year Summary on Fungicidal Control of Watermelon Foliage Diseases, N. C. Schenck and J. M. Crall, Florida Agricultural Experiment Station, Leesburg ...	107
Bionomics of the Southern Potato Wireworm, <i>Conoderus falli</i> Lane. 1. Life History in Florida, Dale M. Norris, Jr., Potato Investigations Laboratory, Hastings.....	109
Chemical Weed Control in Pole Beans and Tomatoes, Donald S. Burgis, Gulf Coast Experiment Station, Bradenton.....	111
Three Years' Bush Snap Bean Variety Trials on Sandy Soils of Lower East Coast, H. Y. Ozaki, Plantation Field Laboratory, Fort Lauderdale.....	113
Row Orientation and Its Effects on The Growth of Celery and Certain Soil Factors, Charles F. Eno, Florida Agricultural Experiment Station, Gainesville and Philip J. Westgate, Central Florida Experiment Station, Sanford.....	115
Soil Soluble Salts—Determination of and Association with Plant Growth, C. M. Geraldson, Gulf Coast Experiment Station, Bradenton.....	121
Irrigation Experiments with Tomatoes on a Rockdale Soil, John L. Malcolm, and Roy W. Harkness, Sub-Tropical Experiment Station, Homestead.....	126
Fungicides for the Control of Early Blight of Celery, John F. Darby, Central Florida Experiment Station, Sanford.....	134
Chemicals Which Act as Combination Herbicides, Nematocides and Soil Fungicides: I. Effect on Field-seeded Tomatoes, D. S. Burgis and A. J. Overman, Gulf Coast Experiment Station, Bradenton.....	137
Chemicals Which Act as Combination Herbicides, Nematocides and Soil Fungicides: II. Effect on Soil Microorganisms, A. J. Overman and D. S. Burgis, Gulf Coast Experiment Station, Bradenton.....	139
Symposium—Vegetable Insect Resistance to Insecticides in Florida, James E. Brogdon, Moderator, Agricultural Extension Service, Gainesville.....	143
The Nature and Development of Insect Resistance to Insecticides, Dale M. Norris, Jr., Potato Investigations Laboratory, Hastings.....	144
Ineffective Control of Some Insect Pests in States Outside of Florida, D. O. Wolfenbarger, Sub-Tropical Experiment Station, Homestead.....	146
Some Possible Cases of Insect Resistance to Insecticides in Florida, W. G. Genung, Everglades Experiment Station, Belle Glade.....	148
Other Causes of Poor Control Sometimes Attributed to Resistance, E. G. Kelsheimer, Gulf Coast Experiment Station, Bradenton.....	152
What Should be Done About the Resistance Problem, John W. Wilson, Central Florida Experiment Station, Sanford.....	153
Experimental Results of the Control of the Cabbage Looper During the 1956-57 Growing Season, John W. Wilson, Central Florida Experiment Station, Sanford, D. O. Wolfenbarger, Sub-Tropical Experiment Station, Homestead, R. M. Baranowski and W. G. Genung, Everglades Experiment Station, Belle Glade, and Dale M. Norris, Jr., Potato Investigations Laboratory, Hastings.....	156
Panel—Gibberellins, F. S. Jamison, Moderator. Gibberellins, Research and Possible Application to Florida, B. D. Thompson, V. F. Nettles and M. H. Gaskins, Florida Agricultural Experiment Station, Gainesville.....	161

Experiments with Gibberellins at Gainesville in 1957, M. H. Gaskins, B. D. Thompson and V. F. Nettles, Florida Agricultural Experiment Station, Gainesville	164
Results of Treating Potato Seed Pieces and Plants with Gibberellic Acid, Donald L. Myhre and A. H. Eddins, Potato Investigations Laboratory, Hastings	166
Results of Treating Cabbage, Cauliflower and Lettuce Transplants with Gibberellic Acid, E. N. McCubbin, Potato Investigations Laboratory, Hastings..	166
Response of Pole Beans, Tomatoes, Sweet Corn and Celery to Gibberellic Acid, C. M. Geraldson, Gulf Coast Experiment Station, Bradenton.....	167
Gibberellin, History and Physiology, Howard J. Teas, Florida Agricultural Experiment Station, Gainesville	167

PROCESSING SECTION

Cost Advantages of Bulk Handling Through the Packing House, R. V. Phillips, Haines City Citrus Growers Association, and W. Grierson, Florida Citrus Experiment Station, Lake Alfred.....	171
Reminiscences of Early Work in Citrus Fruit Technology, Seth S. Walker, Thornton Laboratories Inc., Tampa	177
Five-Year Storage of Frozen Concentrated Orange Juice at 4°, 5°, and 10° F., Theo. J. Kew, U. S. Citrus Products Station, Winter Haven	182
Some Factors to Consider in Determining Clarification in Frozen Orange Concentrate, C. D. Atkins, A. H. Rouse and E. L. Moore, Florida Citrus Experiment Station, Lake Alfred.....	185
Effect of Date of Packing on Quality of Canned Grapefruit Sections During Storage at 90° F., R. L. Huggart, F. W. Wenzel and E. L. Moore, Florida Citrus Experiment Station, Lake Alfred.....	188
Citrus Vitamin 'P', II the Antibiotic Activity of Citrus Bio-Flavonoids, Boris Sokoloff, M. D., Clarence C. Saelhof, M. D., Shiro Kato, M. D., Akira Kato, M. D., Taekyung Kim, Maxwell Simpson, and George Renninger, Florida Southern College, Lakeland.....	192
Chemical Analysis of Citrus Bioflavanoids, R. Hendrickson and J. W. Kesterson, Florida Citrus Experiment Station, Lake Alfred.....	196
Composition and Organoleptic Evaluation of Portions of Celery Stalks, C. B. Hall, Agricultural Experiment Station, Gainesville.....	204
Preparation of Celery-Tomato Juice Blends from Florida-Grown Celery, R. A. Dennison and M. W. Hoover, Department of Food Technology and Nutrition, Florida Agricultural Experiment Station, Gainesville.....	208
Preliminary Studies on the Utilization of Cull Tomatoes, Maurice W. Hoover and R. A. Dennison, Agricultural Experiment Station, Gainesville.....	211
Effect of Wetting and Top Icing Upon the Quality of Vacuum Cooled and Hydro-cooled Sweet Corn, R. K. Showalter, Florida Agricultural Experiment Station, Gainesville.....	214

FLORIDA STATE HORTICULTURAL SOCIETY

XIII

Sweet Corn for Processing, 1. Yield of Cut Corn, M. W. Hoover and R. A. Dennison, Agricultural Experiment Station, Gainesville.....	219
New Aspects for Processing Sweet Potato Products, Julian C. Miller, Louisiana State University, Baton Rouge.....	221
Pregelation in Bitter Orange Marmalade Bases, A. H. Rouse and C. D. Atkins, Florida Citrus Experiment Station, Lake Alfred.....	223
Trends in the Production of Limes for Processing, Luther L. Chandler, Chairman, Florida Avocado and Lime Commission, Goulds.....	228
Some Specific Sources of Contamination in Processing Frozen Concentrated Orange Juice. I. Handling and Preparing Fruit for Extraction, D. I. Murdock, Staff Bacteriologist, and Charles H. Brokaw, Chief, Quality Control Department, Minute Maid Corporation, Orlando.....	231
Some Specific Sources of Contamination in Processing Frozen Concentrated Orange Juice, II. Extraction of Fruit and Preparation of Juice for Concentrate, D. I. Murdock and Charles H. Brokaw, Minute Maid Corporation, Orlando.....	238
A Study of the Degrees Brix and Brix-Acid Ratios of Oranges Utilized by Florida Citrus Processors for the Seasons 1952-53 Through 1956-57, G. F. Westbrook and E. C. Stenstrom, Citrus and Vegetable Inspection Division, Winter Haven.....	247
Mrs. Smith Goes Shopping, Robert C. Brink, Kroger Food Foundation, Cincinnati.....	260
Preliminary Studies on Cooling Florida Oranges Prior to Packing, W. Grierson, Florida Citrus Experiment Station, Lake Alfred.....	264

KROME MEMORIAL SECTION

Evaluation of Starch Content and Specific Gravity as Measures of Maturity of Florida Mangos, John Popenoe and W. G. Long, Quality Maintenance and Improvement Section, Biological Sciences Branch, Agricultural Marketing Service, U. S. Department of Agriculture, Miami.....	272
Test Work on Some Sub-Tropical Fruits and Ornamental Plants in Connection with the Mediterranean Fruit Fly, D. O. Wolfenbarger, Sub-Tropical Experiment Station, Homestead.....	275
A Report of the Florida Mango Forum Activities for 1957, R. Bruce Ledin, Sub-Tropical Experiment Station, Homestead.....	277
Report of the Sub-tropical Fruit Variety Committee, 1957, John Popenoe, Miami.....	279
"Soft Nose", a Physiological Disorder in Mango Fruits, T. W. Young, Sub-Tropical Experiment Station, Homestead.....	280
Avocado Breeding in California, Berthold Orphie Bergh, University of California, Citrus Experiment Station, Riverside, Calif.....	284
Rejuvenation of Old Mango Groves by Hedging or Top-Working to New Varieties, W. W. Carmichael, Miami.....	290
A Report on the Lime and Avocado Activities for 1957, Hugh C. Whelchel, Assistant County Agent, Homestead.....	292
Control of Variability in the Esmiralda Pineapple, Scott U. Stambaugh, Miami.....	293

Iron Chlorosis in Avocados, Roy W. Harkness and J. L. Malcolm, Sub-Tropical Experiment Station, Homestead.....	297
Cleft Grafting Grapes with Polyethylene and Sphagnum Moss, L. H. Stover, Florida Agricultural Experiment Station, Leesburg.....	300
Commercial Potential of <i>Yucca Elephantipes</i> , A Preliminary Report, Manley L. Boss and J. J. Ochse, University of Miami, Coral Gables.....	302
The Avocado Maturity Marketing Agreement, Wm. H. Krome, Homestead.....	303
Trials with <i>Swinglea Glutinosa</i> (Blanco) Merr. as a Rootstock for Citrus, Frank D. Venning, International Cooperation Administration, American Embassy, Havana.....	306
Rare Fruit Council Activities, 1956-57, William F. Whitman, Miami Beach, and Leonard V. Wirkus, Miami.....	307
New Developments in Lychee Marketing, Gordon Palmer, Palmer Nurseries, Osprey....	314
Growing Persian Limes in the Ridge Section of Florida, William F. Ward, Ward's Citrus Nursery and Groves, Avon Park.....	318
Okinawa Peach Shows Promising Resistance to Root-Knot Nematodes, R. H. Sharpe, Florida Agricultural Experiment Station, Gainesville.....	320
Effect of Nitrogen and Timing of Applications on Persian Limes, S. John Lynch and Seymour Goldweber, University of Miami, Coral Gables.....	323
Pollinating Insects on Lychee Blossoms, F. Gray Butcher, University of Miami, Coral Gables.....	326
Observations on the Advertising of Specialty Fruits, Col. C. F. Ivins, Homestead.....	329
A Leaf Beetle Feeding on the Stems of Lychee, George W. Dekle, State Plant Board, Gainesville.....	331
The Macadamia in California, William B. Storey, University of California, Citrus Experiment Station, Riverside.....	333
Relation of Maturity to Certain Chemical and Physical Characters in Florida Avocados, Thurman T. Hatton, Jr., John Popenoe, Mortimer J. Soule, Jr., Paul L. Harding, U. S. Department of Agriculture, Agricultural Marketing Service, Miami and Orlando.....	338
A New Banana for Florida— <i>Musa Paradisiaca</i> , L., <i>Var. Radja</i> , J. J. Ochse, University of Miami, Coral Gables.....	340
A Possible Cover Crop for Florida— <i>Mimosa Invisa</i> , var. <i>inermis</i> , J. J. Ochse, University of Miami, Coral Gables.....	341

ORNAMENTAL SECTION

Planning for a Special Census of the Flower and Nursery Industry, Cecil N. Smith, Florida Agricultural Experiment Station, Gainesville.....	342
Nitrogen and Potassium Fertilization of Potted Chrysanthemums, S. S. Woltz, Gulf Coast Experiment Station, Bradenton.....	346

Nematodes Affecting Florida Chrysanthemums and Their Control, E. G. Kelsheimer and A. J. Overman, Gulf Coast Experiment Station, Bradenton.....	350
The Possible Use of Gibberellins as a Substitute for Artificial Light in Growing Chrysanthemums, Benjamin Wolf, Dr. Wolf's Agricultural Laboratories, Hollywood	352
Sansevieria for Ornamental Use, F. D. Wilson, C. C. Seale, J. B. Pate and J. Frank Joyner, Everglades Experiment Station, Belle Glade.....	354
Some Problems in Establishing Market News Reports for the Flower Industry, Elmo F. Scarborough, Florida State Marketing Bureau, Jacksonville, and Cecil N. Smith, Florida Agricultural Experiment Station, Gainesville.....	359
Virus Diseases of Gladiolus in Florida, R. F. Bozarth and M. K. Corbett, Florida Agricultural Experiment Station, Gainesville.....	363
Thimet Plus Oil Emulsion Controls Tea Scale, L. C. Kuitert, Florida Agricultural Experiment Station, Gainesville	370
Soil Fumigation in Controlling Gladiolus Stromatinia Disease, R. O. Magie, Gulf Coast Experiment Station, Bradenton.....	373
Further Studies of the Phytotoxicity of Pesticides to Ornamental Plants, S. H. Kerr and E. W. McElwee, Florida Agricultural Experiment Station, Gainesville.....	379
Orchid Diseases, Harry C. Burnett, State Plant Board, Gainesville.....	380
Effect of Propagation Media and Dip Treatments on Rooting of Flowering Dogwood, Formosa Azalea and East Palatka Holly, R. D. Dickey, Florida Agricultural Experiment Station, Gainesville.....	385
A Study of Some Factors Affecting Amaryllis Flowering, T. J. Sheehan and K. J. Howe, University of Florida, Gainesville.....	387
Some Recent Developments in Diseases of Ornamental Plants in Florida, D. M. Coe, University of Florida, Agricultural Extension Service, Gainesville	390
Chemical Modification of Geotropic Bending in the Snapdragon, Howard J. Teas and Thomas J. Sheehan, Florida Agricultural Experiment Station, Gainesville	391
Preliminary Photo and Chemical Studies on Floral Induction in Chrysanthemums, Thomas J. Sheehan and Howard J. Teas, Florida Agricultural Experiment Station, Gainesville.....	398

ANNUAL REPORTS

Report of Executive Committee	403
Resolutions	403
Report of Florida Agricultural Council Committee	403
General Business Meeting	404
Report of Treasurer.....	404
Necrology	405
List of Members	406
Index	415
