

*Proceedings*  
of the  
FLORIDA STATE  
*Horticultural Society*  
1975

VOLUME LXXXVIII

PRINTED MARCH 15, 1976

## CONTENTS

Officers for 1975 .....	IV
Officers for 1976 .....	V
Awards of the Society .....	XX
Awards for Outstanding Papers .....	XX
Award of Honorary Membership .....	XXII
List of Presidents .....	XXIII
Honorary Members .....	XXIII
President's Annual Address, Leon W. Miller, Oviedo .....	XXV
You and Your Government, Hon. Richard Kelly, Florida's Fifth Congressional District .....	XXVI
Metric-U.S. Conversion Table .....	XXVIII

## CITRUS SECTION

The Use of Chlorine in Drip Irrigation Systems, Harry W. Ford .....	1
Water Distribution and Evaporational Loss From Sprinkler Irrigation in Citrus, R. C. J. Koo and R. L. Reese .....	5
Drip and Overhead Sprinkler Irrigation Effect on Soil Moisture in a Citrus Grove, J. Mostella Myers, D. S. Harrison and W. J. Phillips, Jr. ....	10
'Rohde Red Valencia', an Orange Selection With Improved Juice Color, Ivan Stewart, G. D. Bridges, A. P. Pieringer and T. A. Wheaton .....	17
'Sue-Linda Temple', A. P. Pieringer .....	20
Some Physical and Chemical Characteristics of a Deep, Well-Drained Soil Planted to Citrus, W. S. Castle, A. H. Krezdorn and N. Gammon, Jr. ....	23
Glyphosate: A Promising New Herbicide for Citrus, D. P. H. Tucker and R. L. Phillips ..	29

The Potential Usefulness of Citrus Leaf Long-Chain Hydrocarbons in Chemical Classification of Citrus Plants, Harold E. Nordby, C. Jack Hearn and Steven Nagy ..	32
Electrical Experiments on Citrus Seedlings, George J. Edwards .....	36
Effect of Date of Harvest and Spot Picking on Yield and Quality of Grapefruit, J. M. Ramierz and A. H. Krezdorn .....	40
Yield Estimation of 'Valencia' Orange Research Plots and Groves, L. G. Albrigo, C. A. Anderson, G. J. Edwards, F. W. Bistline, W. J. Hepburn and T. Cary .....	44
Planning of Spray Programs for the Control of Fungal Diseases in Citrus Groves, J. O. Whiteside .....	49
Satellite Technology Improves Freeze Warnings, S. Elwynn Taylor, D. R. Davis and Ray E. Jensen .....	55
An Economic Analysis of FCOJ Imports and Exports, Ronald W. Ward and James A. Niles .....	61
A Destructive Outbreak of Tristeza in Central Florida, S. M. Garnsey and J. L. Jackson, Jr. ....	65
Distribution of Obstructions to Water Movement in Citrus With and Without Blight, S. Nemec, Robert Constant and Mike Patterson .....	70
Chemical Nature and Statistical Analysis of the Distribution of Plugging in Blight/YTD-Affected Citrus Trees, Gail E. Vandermolen, R. N. Gennaro, T. O. Peebles and F. W. Bistline .....	76
Water Flow Rates and Starch Reserves in Roots From Citrus Trees Affected by Blight and Tristeza, S. M. Garnsey and R. H. Young .....	79
The Citrus Industry's Spreading Decline Program, E. W. Holder, Jr. ....	85
The West Indian Sugarcane Rootstalk Borer Weevil in Florida, R. J. Griffith .....	87
Florida Citrus Harvesting Labor and The Economy, Thomas S. Walker, Chris O. Andrew and Robert D. Emerson .....	90
Analysis of Florida Citrus Harvesting Labor, Gary F. Fairchild .....	96
The Effect of Several Adjuvants on the Abscission Activity of Release® With 'Valencia' Orange, R. K. Clark and W. C. Wilson .....	100
Evaluation of DS-27914 as an Abscission Chemical for Processed Oranges, R. E. Holm and W. C. Wilson .....	103
A Comparison of Four Abscission Compounds for Use on 'Hamlin', 'Pineapple' and 'Valencia' Oranges, F. S. Davies, W. C. Cooper and F. E. Galena .....	107
Abscission Chemicals Effect on the Performance of a Limb Shaker-Catching Frame Citrus Harvest System, G. E. Coppock .....	114
Harvesting Oranges With a Full-Powered Positioning Limb Shaker, Harold R. Sumner and Scott L. Hedden .....	117
Orange Yield and Removal Studies With Air and Trunk Shakers Using Two Abscission Chemicals, J. D. Whitney .....	120
Developments in Pickup Equipment for Oranges to Reduce Windrowing, D. B. Churchill and H. R. Sumner .....	124

## VEGETABLE SECTION

Energy Consumption of the Florida Vegetable Industry, Richard C. Fluck .....	128
Chives Production as Affected by Fertilizer Practices, Soil Mixes and Methyl Bromide Soil Residues, S. S. Woltz and W. E. Waters .....	133
The Sturdy Seminole Pumpkin Provides Much Food With Little Effort, Julia F. Morton	137
Ethephon as a Defoliant for Potatoes, B. D. Thompson and J. R. Shumaker .....	142
Tomato Production as Affected by Two Weights of Polyethylene Coated and Uncoated Kraft Paper Mulch, With and Without Fungicide-Herbicide Impregnation, D. S. Burgis .....	147
Evaluation of Tomato Production Efficiency With Relevance to Contributing Components, C. M. Geraldson .....	152
Leaf Miner Population Estimation in Polycultured Vegetables, C. A. Musgrave, S. L. Poe and D. R. Bennett .....	156
Tomato Pinworm Population Management in Semitropical Agriculture, S. L. Poe, J. P. Crill and P. H. Everett .....	160
"Vydate" L—A New Compound for the Control of Leaf Miner on Tomatoes and Celery, William H. Bear .....	165
Improved Germination and Plant Stand of 'Florida Sweet' Corn by Seed Treatment, D. J. Cantliffe, E. A. Wolf and J. M. White .....	170
Soil Applications of Insecticides for Control of Potato Infesting Wireworms, R. M. Baranowski and Van H. Waddill .....	173
A New Nematode Control Program for Potatoes Grown in Northeast Florida, D. P. Weingartner, J. R. Shumaker, G. C. Smart, Jr. and D. W. Dickson .....	175
Insecticidal Control of the Cabbage Looper on Cabbage Using 50 and 100 Gallons of Spray Per Acre, R. B. Workman and R. B. Chalant .....	183
Trickle Irrigation and Fertilization Method for Strawberries, S. J. Locascio and J. Mostella Myers .....	185
Response of Vegetables to Drip and Overhead Irrigation on Calcareous Soils, H. H. Bryan, W. M. Stall, J. D. Dalton and H. W. Ford .....	190
Chemical Control of Fusarium Wilt of Watermelon, D. L. Hopkins and G. W. Elmstrom	197
Effect of Liming and Nitrogen Source on Fusarium Wilt of Cucumber and Watermelon, John Paul Jones, S. S. Woltz and P. H. Everett .....	200
Natural Control of Three Rindworm Species and Chemical Control of the Granulate Cutworm, <i>Feltia subterranea</i> on Watermelon, W. C. Adlerz .....	204
Weed Control in the Strawberry Fruiting Field With Paraquat, E. E. Albregts and C. M. Howard .....	208
Response of Fresh Market Tomatoes to Method of Seeding or Transplanting, D. G. Long and D. J. Cantliffe .....	211
Effect of Furadan on Yield and Expression on Fusarium Wilt in Tomato Planted as Bareroot and Containerized Transplants, A. J. Overman and J. P. Jones .....	214

'Flora-Dade', A Fresh Market Tomato for South Florida With Resistance to Verticillium Wilt, R. B. Volin and H. H. Bryan .....	218
Changes in Nutrients Resulting From Farming the Hole-in-the-Doughnut, Everglades National Park, P. G. Orth and R. A. Conover .....	221
Effect of Production Area and Irrigation Methods on Tomato Yields in South Dade County During the 1974-75 Season, W. M. Stall and H. H. Bryan .....	225
Extending the Production Season of Vegetables in North Florida, L. H. Halsey and S. R. Kostewicz .....	228
Biodegradable Liquid Polymers as Soil Mulches for Tomatoes, P. H. Everett and Charles J. McLaughlin .....	233
Economic Analysis of the Federal Marketing Order for Florida Tomatoes, John R. Brooker and James L. Pearson .....	237
Mechanical Removal of Tomatoes With a Vertical Snapping Motion, L. N. Shaw, P. H. Everett and J. W. Mishoe .....	240
Weather and Disease Surveillance in Southwest Florida, C. H. Blazquez .....	243

## HANDLING AND PROCESSING SECTION

Effects of Infrared Radiation and Forced Heated Air Curing Treatments on the Salability of Florida Onions, Sudhir K. Sastry and Dennis E. Buffington .....	249
Salability of Onions as Influenced by Vacuum Curing and Storage in Three Different Environments, Dennis E. Buffington and John C. Gustashaw, Jr. ....	254
Consumer Discrimination Among Present U. S. Standards' Grades of Florida Mature-Green Tomatoes, Le Da Ton and B. D. Thompson .....	259
Ascorbic Acid and Carotene Contents of Peppers, R. F. Matthews, S. J. Locascio and H. Y. Ozaki .....	263
Ascorbic Acid and $\beta$ -Carotene in Soybeans as Influenced by Maturity, Sprouting, Processing and Storage, R. P. Bates and R. F. Matthews .....	266
Sampling Watermelons for Soluble Solids, R. K. Showalter .....	273
Market Quality of Citrus Fruits Dropped to the Ground for Harvesting, John J. Smoot and C. F. Melvin .....	276
The Marketing of By-Products in the Florida Citrus Industry, Gary F. Fairchild and James A. Niles .....	271
The Impact of Sales of FCOJ in Larger Containers on the Florida Citrus Industry, Daniel S. Tilley and James A. Niles .....	285
Automatic Packing of Carrots, Frederick E. Henry .....	289
Quality Changes of Enzyme-Treated Citrus Pulp Wash Liquids, R. J. Braddock and J. W. Kesterson .....	292
Plate Loop Method for Determining Total Viable Count of Orange Juice, D. I. Murdock, W. S. Hatcher, Jr. and S. Bradner .....	294
Esterase Activity and Orange Juice Quality, Joseph H. Bruemmer and Bongwoo Roe ..	300

Potential By-Products From Microbial Transformation of D-Limonene, Elizabeth R. Bowen .....	304
Anthracnose, a Serious Decay of Degreened 'Robinson' Tangerines, G. Eldon Brown ..	308
Influence and Processing of Citrus Fruit on Their Peel and Juice Color, Ivan Stewart ..	312
Improved Method for Purifying Crude Citrus Pigments, Charles W. Wilson, III, Philip E. Shaw and Cora L. Kirkland .....	314
Semi-Trailer Fumigation of Florida Grapefruit Infested With Larvae of the Caribbean Fruit Fly, <i>Anastrepha suspensa</i> (Loew), A. K. Burditt, Jr. and D. L. von Windeguth .....	318
Minimizing Hazards From In-Truck Ethylene Dibromide Fumigation of Carton-Packed Citrus Fruit, G. G. Norman, W. Grierson, T. A. Wheaton and J. D. Dennis ..	323
Vertical Air Distribution for Cooling Fruit in Cartons, W. Grierson and Bob Brown ..	329
Postharvest Weight Loss of Florida Citrus Fruits, A. A. McCornack .....	333
Effects of Prestorage Carbon Dioxide Treatments and Delayed Storage on Chilling Injury of "Marsh" Grapefruit, T. T. Hatton, R. H. Cubbedge and W. Grierson .....	335
Symposium—Juice Definition Program	
Analytical Indicators of Processed Orange Juice Quality, 1972-73 and 1973-74, Introduction, Sample Preparation and Processing Parameters, John A. Attaway and Robert D. Carter .....	339
Effect of Maturity, Variety and Processing on Color, Cloud, Pectin and Water-Insoluble Solids of Orange Juice:	
I. Color and Cloud, R. L. Huggart .....	342
II. Pectin and Water-Insoluble Solids, A. H. Rouse and E. L. Moore .....	343
Effect of Maturity, Variety and Processing on Chloramine-T Values and Total Amino Acid Content of Orange Juices:	
I. Chloramine-T Values, M. D. Maraulja .....	346
II. Total Amino Acid Content, M. H. Dougherty .....	347
Relation of Processing, Variety and Maturity to Flavor Quality and Particle Size Distribution in Florida Orange Juices:	
I. Flavor Considerations, P. J. Fellers and B. S. Buslig .....	350
II. Particle Size Distribution, B. S. Buslig and R. D. Carter .....	353
Statistical Inferences on Processed Orange Juice Quality From the 1972-73 and 1973-74 Juice Definition Program, Robert D. Carter, Bela S. Buslig and John A. Cornell .....	358

## GARDEN AND LANDSCAPE SECTION

Patty Says: "Plant a Tree This Year", Louis J. Daigle .....	371
Designing a Teaching Conservatory for Horticultural Education, G. Shannon Smith and Sydney Park .....	373
The 'Malayan Dwarf' Coconut Palm, a Lethal Yellowing Resistant Cultivar, James T. Midcap, P. L. Neel and DeArmand L. Hull .....	377
Environmental Impact of Lethal Yellowing of Palms in Florida, George H. Gwin ....	380

Native Vegetation Along Manmade Channels in South Florida, Robert M. Craig and Alice T. Williams .....	383
Landscaping of Non-Residential Properties in the South, F. W. Williams and C. N. Smith .....	388
Homeowners' Landscaping Practices in the Gainesville Metropolitan Area, Cecil N. Smith, Fawzi A. Taha and Robert S. Boulter .....	391
Fruit Trees as Useful Landscape Items in Florida's Dooryard Plantings, Robert J. Knight, Jr. ....	393
Planting and Management of Tropical and Suptropical Fruit Trees in the Home Landscape, Seymour Goldweber .....	399
Plants for Mobile Homes, D. F. Hamilton, D. B. McConnell and R. J. Black .....	402
Propagation of <i>Pteris ensiformis</i> Burm. 'Victoriae' by Spores, R. W. Henley and R. T. Poole .....	407
The Florida Horticultural Industries Certification Programs, D. B. McConnell, J. Siebenthaler and P. L. Neel .....	411
The Present Status of Chlordane and Heptachlor, Richard L. Lipsey .....	412
A Yucca Borer, <i>Scyphophorus acupunctatus</i> , in Florida, John N. Pott .....	414
<i>Rhapidophyllum hystrix</i> , Charles S. Bush .....	416
A New <i>Pittosporum</i> Species for Florida Landscapes, P. L. Neel and Al A. Will .....	423
Oleander Cultivars at the Fairchild Tropical Garden, John Popenoe .....	426
Woody Vegetation for Coastal Dune Areas, Robert M. Craig .....	428
Breeding Daylilies for Warm Regions, Jean Wooten .....	435
Cultural Concepts for Growing <i>Clerodendrum thomasoniae</i> Balf. as a Pot Plant, Kenneth C. Sanderson and Willis C. Martin, Jr. ....	439
Influence of Culture on Tipburn of Spider Plant, <i>Chlorophytum comosum</i> (Thumb.) Bak., R. T. Poole and C. A. Conover .....	441
Propagating the Yellow African Tulip Tree, E. A. Menninger and P. K. Soderholm ..	443

## KROME MEMORIAL INSTITUTE

Effect of Hedging on Yield of Lemon and Lime Trees, T. W. Young and R. C. J. Koo ..	445
Annual Top Renewal of High Density Nectarines and Peaches, M. J. Young and R. H. Sharpe .....	448
Terbacil, Diuron and Paraquat in Pecan Orchards, Calvin E. Arnold .....	451
The New 'Tahiti' Lime Selections, Carl W. Campbell .....	455
Chromosome Counts in 'Tahiti' Lime, L. K. Jackson and W. B. Sherman .....	458
An Expanded Avocado Variety Improvement Program, A. H. Krezdorn .....	460
Seed Production in an Exotic <i>Ficus</i> Species, Pablo Piatos, Robert J. Knight, Jr. and Arthur K. Burditt, Jr. ....	462
Self-Incompatibility in the Sapodilla, Pablo Piatos and Robert J. Knight, Jr. ....	464

Carambola Selection for Commercial Production, Charles J. Wagner, Jr., William L. Bryan, Robert E. Berry and Robert J. Knight, Jr. ....	466
Ethylene Preripening of Mangos Prior to Shipment, Charles R. Barmore and Edward F. Mitchell .....	469
Effect of Ethylene Dibromide Fumigation on Appearance, Decay, and Ripening Time of Mangos, D. H. Spalding, W. F. Reeder, D. L. von Windeguth and A. K. Burditt, Jr. ....	471
Relation of Time of Harvest on Respiration, Chemical Constituents and Storage Life of Mangos, S. Lakshminarayana .....	477
Process Refinement and Storage Characteristics of Pasteurized-Refrigerated Mango Slices, E. G. Falcone, R. P. Bates and J. A. Koburger .....	482
Leaves for Food: Protein and Amino Acid Contents of Leaves from 23 Tropical and Subtropical Plants, Nancy T. Hall, Steven Nagy and Robert E. Berry .....	486
Susceptibility of West Indian Avocados to Chilling Injury as Related to Rapid Cooling With Low Temperature Air or Water, J. J. Gaffney and C. D. Baird .....	490
Evaluation of Avocado Cold Hardiness, R. S. Scorza and W. J. Wiltbank .....	496
The Use of a Chelated Iron to Restore Normal Vigor to Verticillium Wilt Infected Mango Trees, Seymour Goldweber .....	499
Performance of Three Varieties of Nectarines Under a Selective Spray Program, Phares Decker, D. W. Buchanan and F. G. Martin .....	500
Effect of Orchard Heating in Reducing Parthenocarpic Fruits in 'Haden' Mango, S. Lakshminarayana and Plutarco Hernandez Aguilar .....	502
Moisture Loss From Young Container-Grown Mango Plants, James Soule .....	505
Drip Irrigation Increases Yield and Size of 'Sunrich' Nectarines, J. F. Bartholic, D. W. Buchanan and Phares Decker .....	509
An Energy and Water Saving Irrigation System for Deciduous Fruits, D. S. Harrison and D. W. Buchanan .....	512
Reduction of Dry Calyptra in Grapes by the Use of a Fruit Setting Hormone, J. A. Mortensen .....	513

## ORNAMENTAL SECTION

Evaluation of Soil Fumigants and Soil Insecticides to Control <i>Diaprepes abbreviatus</i> in Muck and Potting Soils, R. A. Hamlen and J. B. Beavers .....	518
Eradication of the Giant African Snail in Florida, C. Poucher .....	523
Florida State Collection of Arthropods and its Importance to Florida Agriculture, H. A. Denmark .....	525
Optimum Gibberellic Acid (GA <sub>3</sub> ) Concentration to Accelerate Flowering and Increase Yield of Statice, Gary J. Wilfret and James L. Green .....	527
Influence of A-Rest on Tropical Foliage Plants, D. F. Frank and Alvan Donnan, Jr. ..	531
Evaluation of Treflan, Lasso, and Ronstar Herbicides for Use in Woody Ornamental Nurseries, D. M. Weatherspoon and W. L. Currey .....	535

Chemical Growth Control of <i>Euphorbia leucocephala</i> Lotsy for Pot Production, C. Ramcharam, T. J. Sheehan, J. N. Joiner and R. Virgona .....	540
Influence of A-Rest on Cell Pack Grown Bedding Plants, D. F. Frank and Alvan Donnan, Jr. ....	543
Design Concepts of a Nursery and Greenhouse Tractor, L. N. Shaw and G. O. Van Duyne, Jr. ....	545
Some Economic Aspects of the Bedding Plant Enterprise in Florida, Cecil N. Smith, Willard T. Witte and Fawzi A. Taha .....	549
Mass Merchandising of Floral and Foliage Crops in Southeast Cities, L. H. Myers and F. A. Taha .....	553
Prolonged Chemical Residues on Foliage by Treatment with Pinolene, S. L. Poe, J. L. Green, A. D. Vidyarthi and J. Poppell .....	556
Gladiolus Fusarium Disease Reduction by Soil Fertility Adjustments, S. S. Woltz and R. O. Magie .....	559
Gladiolus Corm Fungicides for Controlling Curvularia and Fusarium Diseases, R. O. Magie .....	562
Control of Basal Stem and Root Rot of Christmas Cactus Caused by <i>Pythium aphanidermatum</i> and <i>Phytophthora parasitica</i> , J. F. Knauss .....	567
Leaf Spot of Black Olive Caused by <i>Cristulariella depraedans</i> , J. W. Miller and H. N. Miller .....	571
Control of <i>Pratylenchus penetrans</i> , Endoparasitic Nematode of Leatherleaf Fern, A. J. Overman .....	573
Temperature and Other Factors Affecting the Frequency of Galling in <i>Ardisia</i> Seedlings, W. H. Ridings, S. F. Fazli, and J. W. Miller .....	578
Evaluation of Acephate on Gladiolus for Control of Thrips and Lepidopterous Larvae, David J. Schuster and Gary J. Wilfret .....	584
Phytotoxicity Evaluations of Ten Insecticides on Twenty-Three Species of Ornamental Plants Under Slat Shed Conditions, P. L. Neel and James A. Reinert .....	586
Royal Palm Bug, <i>Xylastodoris luteolus</i> , Damage and Control on Royal Palms in Florida, James A. Reinert .....	591
Evaluation of Oxamyl for Phytotoxicity to Selected Foliage Plants, Alvan Donnan, Jr. ..	593
Growth of <i>Sansevieria trifasciata</i> 'Laurentii' in South Florida, Robert B. Marlatt ....	593
Influence of Micronutrient Sources and Levels on Response and Tissue Content of <i>Aphelandra</i> , <i>Brassaia</i> and <i>Philodendron</i> , C. A. Conover, D. W. Simpson and J. N. Joiner .....	599
Media, Shade and Fertilizer Influences Production of the Areca Palm, <i>Chrysalidocarpus lutescens</i> Wendl, R. T. Poole and C. A. Conover .....	603
Influence of Shade and Fertilizer Levels on Production and Acclimatization of <i>Dracaena marginata</i> , C. A. Conover and R. T. Poole .....	606
Fluoride Leaf Scorch of Lily and Gladiolus: Soil Acidity, Superphosphate and Diagnostic Techniques, S. S. Woltz and F. J. Marousky .....	609

Incidence of Scorch in Hybrid Lilies as Influenced by Flouride and Superphosphate, F. J. Marousky and S. S. Woltz .....	612
---	-----

SPONSORED STUDENT PROGRAM

Mechanical Harvesting of Citrus, Charles E. Townsend, Jr. ....	616
The Extension Service and the Small Farm, Pete Tuttle .....	616
Advances in Vegetable Mulching, Phyliss S. Daum .....	617
Ascorbic Acid and Carotene in Soybeans and Bell Peppers, Garold La Rue II .....	617
The Krome Memorial Institute, Paul Chobrda, Jr. ....	617
Progress is Being Made, Kenneth S. Calhoun .....	618
Research Advances in Acclimatization, R. Weyman Bussey, Jr. ....	618
Considerations of Future Irrigational Needs, Stan C. Bronson .....	618
Mechanical Harvesting Progress Reported, Mike Litvany .....	619
The Present Status of Chlordane and Heptachlor, Bill Graves .....	619
Impressions of the Florida Horticulture Society Convention, Terry E. Hancock .....	620
Numerous Papers of Interest, Roger Sherrill .....	620

ANNUAL REPORTS

Report of the Executive Committee .....	621
Financial Statement .....	624
List of Members .....	625
Index .....	642
Available Proceddings .....	661
