

*Proceedings*  
of the  
FLORIDA STATE  
*Horticultural Society*  
1965

VOLUME LXXVIII

PRINTED MAY 4, 1966

## CONTENTS

Officers for 1965 .....	IV
Officers for 1966 .....	V
Constitution and By-Laws .....	VI
Awards of the Society .....	XVII
Awards for Outstanding Papers .....	XVII
Special Award for Meritorious Service .....	XVII
List of Presidents .....	XVIII
Honorary Members .....	XVIII
Award of Honorary Memberships .....	XIX
President's Annual Address, Ernest L. Spencer, Bradenton .....	XXIII
Florida's Progress in Chemical Education Programs, Forrest E. Myers, Assistant Director, Florida Agricultural Extension Service, Institute of Food and Agri- cultural Sciences, University of Florida, Gainesville .....	XXVII
Horticulture Plus Cooperation Equals Prosperous Progress, Ed H. Price, Jr., Florida State Senator Thirty-Sixth District, Bradenton .....	XXIX

## CITRUS SECTION

Protection of Young Trees from Freeze, George Yelenosky, U. S. D. A. Agricultural Research Service, Orlando .....	1
Effects of Irrigation and Fertilization on Production and Quality of 'Dancy' Tangerine, R. C. J. Koo, Florida Citrus Experiment Station, Lake Alfred, and A. A. McCornack, Florida Citrus Commission, Lake Alfred .....	10
Comparisons of Calcitic and Dolomitic Limestone in Citrus Groves on Six Soils, C. A. Anderson, Florida Citrus Experiment Station, Lake Alfred, and D. V. Calvert, Florida Indian River Field Laboratory, Fort Pierce .....	15

A Nitrogen Source and Rate Study on 'Valencia' Oranges, Ivan Stewart and T. A. Wheaton, Florida Citrus Experiment Station, Lake Alfred ..... 21

Effect of Clay Materials, Lime, and Phosphate on Growth of Young Orange Trees, C. D. Leonard, Florida Citrus Experiment Station, Lake Alfred, J. G. A. Fiskell and R. B. Diamond, Florida Agricultural Experiment Stations, Gainesville ..... 27

The Effect of Iodoacetic Acid on Citrus Fruit Abscission, C. H. Hendershott, University of Florida, Gainesville ..... 36

Response of Various Citron Selections to Exocortis Infection in Florida, S. M. Garnsey, U. S. D. A. Agricultural Research Service, Orlando, and Mortimer Cohen, Florida Indian River Field Laboratory, Fort Pierce ..... 41

Observations Indicating Psorosis Transmission by Seed of Carrizo Citrange, G. D. Bridges, C. O. Youtsey, and R. R. Nixon, Jr., Division of Plant Industry, Florida Department of Agriculture, Budwood Registration, Winter Haven ..... 48

Seasonal Changes in Fruit Quality Factors of Robinson, Osceola, Lee and Dancy Tangerines, G. K. Rasmussen, P. C. Reece and W. H. Henry, U. S. D. A. Agricultural Research Service, Orlando ..... 51

Effect of Nitrogen Source and Placement on the Root Development of Valencia Orange Trees, Paul F. Smith, U. S. D. A. Agricultural Research Service, Orlando ..... 55

Infrared Photography as an Indicator of Disease and Decline in Citrus Trees, Gerald G. Norman, Methods Development Section, Division of Plant Industry, Florida Department of Agriculture, Winter Haven, and Norman L. Fritz, Eastman Kodak Company, Rochester, New York ..... 59

Studies on the Penetration of D-D, EDB and DBCP for the Control of Radopholus Similis and for the Destruction of Live Citrus Roots, R. J. Collins and A. W. Feldman, Florida Citrus Experiment Station, Lake Alfred ..... 63

Comparison of a Helicopter with a Conventional Air-Blast Sprayer in the Application of a Citrus Spray Program, R. F. Brooks, Florida Agricultural Experiment Station, Lake Alfred ..... 69

Salinity of Water for Sprinkle Irrigation of Citrus, D. V. Calvert, Florida Indian River Field Laboratory, Fort Pierce, and Herman J. Reitz, Florida Citrus Experiment Station, Lake Alfred ..... 73

Performance Characteristics of Heating Devices, J. F. Gerber, University of Florida, Gainesville ..... 78

What, How and the Grower, R. E. Norris, Florida Agricultural Extension Service, Tavares ..... 83

VEGETABLE SECTION

Influence of Variety and Population Density on Yield and Pod Color of Pole Beans, M. O. Thomas, Sub-Tropical Experiment Station, Homestead ..... 87

Effect of Various Shades and Seasons on Celery Seed Germination and Seedling Growth, V. L. Guzman, Everglades Experiment Station, Gelle Glade ..... 89

The Effect of Shade on the Bio-Climature and Production of Vegetable Crops, V. J. Valli, U. S. Weather Bureau, Tifton, Georgia, H. H. Bryan, North Florida Experiment Station, Quincy, Florida, H. W. Young, Big Bend Horticultural Laboratory, Monticello, Florida, and D. R. Davis, U. S. Weather Bureau, Quincy, Florida .....	95
Influence of Biometerological Factors in Tomato Transplant Production, V. J. Valli, U. S. Weather Bureau, and C. A. Jaworski, U. S. D. A. Agricultural Research Service, Tifton, Georgia .....	102
Effect of Seed Size and Depth of Planting on Broccoli and Beans, Z. Alam and S. J. Locascio, Florida Institute of Food and Agricultural Sciences, Gainesville .....	107
Spray Adjuvants with Dibrom for Serpentine Leafminer Control on Celery, Emmett D. Harris, Jr., Everglades Experiment Station, Belle Glade .....	113
Laboratory Tests of Insecticides on the Southern Potato Wireworm, R. B. Workman, Potato Investigations Laboratory, Hastings .....	118
Soil Treatments for Tomatoes Growing Under Plastic Mulch in Calcareous Soils, C. W. Averre, III, Sub-Tropical Experiment Station, Homestead, J. A. Winchester, Everglades Experiment Station, Belle Glade, and J. W. Strobel, Sub-Tropical Experiment Station, Homestead .....	120
Pepper Herbicide Experiments on Lower East Coast Sandy Soils, J. R. Orsenigo, Everglades Experiment Station, Belle Glade, and H. Y. Ozaki, Plantation Field Laboratory, Fort Lauderdale .....	124
Spray Mixture Compatibility Studies on Watermelon, W. C. Adlerz and N. C. Schenck, Watermelon and Grape Investigations Laboratory, Leesburg .....	130
Relation of Nematodes, Diseases and Fertility to Tomato Production on Old Land, A. J. Overman, J. P. Jones and C. M. Geraldson, Gulf Coast Experiment Station, Bradenton .....	136
Criteria for Grading Florida Sweet Corn, R. K. Showalter, Florida Agricultural Experiment Stations, Gainesville .....	142
The Response of Some Green Celery Varieties to pH Adjustment with Sulfur on Everglades Organic Soil, H. W. Burdine and V. L. Guzman, Everglades Experiment Station, Belle Glade .....	148
Effect of Dolomitic Limestone on Tomato Transplant Growth, Quality and Mineral Composition, C. A. Jaworski, U. S. D. A. Agricultural Research Division, Tifton, Georgia .....	155
Correlation of Tomato Yields with the Intensity and Balance Method of Soil Tests in the Ruskin Area—A Progress Report, Milford C. Jorgensen, Florida Agricultural Extension Service, Ruskin .....	163
Synthetic Soil Mulch Studies on Lower East Coast Sandy Soils, H. Y. Ozaki, Plantation Field Laboratory, Fort Lauderdale, J. R. Orsenigo and J. R. Iley, Everglades Experiment Station, Belle Glade .....	170
Factors Involved in Liming Soil for Watermelon Production, P. H. Everett, South Florida Field Laboratory, Immokalee, S. J. Locascio and J. G. A. Fiskell, Florida Agricultural Experiment Stations, Gainesville .....	177
A Rapid Soil pH Tester for the Home Gardener, Seton N. Edson, University of Florida, Gainesville .....	182

Reduction of Aphid Populations and Delayed Incidence of Virus Infection on Yellow Straight Neck Squash by the Use of Aluminum Foil, W. D. Moore, Formerly U. S. D. A. Agricultural Research Service, Fort Lauderdale, Florida, F. F. Smith and G. V. Johnson, U. S. D. A. Agricultural Research Service, Beltsville, Md., and D. O. Wolfenbarger, Sub-Tropical Experiment Station, Homestead	187
Influence of Various Nitrogen Fertilizers on Growth and Nutrition of Southern Grown Tomato Transplants, William S. Murphy, Joseph Campbell Co., Cairo, Georgia	191

## HANDLING AND PROCESSING SECTION

Citrus Fruit Respiration, H. M. Vines, Florida Citrus Commission, Lake Alfred, G. J. Edwards and W. Grierson, Florida Citrus Experiment Station, Lake Alfred	198
Prevention of Foam in Juice from Reconstituted Citrus Powders, R. E. Berry, O. W. Bissett, and Charles J. Wagner, Jr., U. S. D. A. Fruit and Vegetable Products Laboratory, Winter Haven	202
The Flavor of Expressed Duncan Grapefruit Oil as Related to Fruit Maturity, J. W. Kesterson and R. Hendrickson, Florida Citrus Experiment Station, Lake Alfred, R. R. Seiler, C. F. Huffman and J. A. Brent, Minute Maid Company, Plymouth, and J. T. Griffiths, Cypress Gardens Citrus Products, Inc., Winter Haven	207
Citrus Sizing—Methods and Economic Effect, Earl K. Bowman, U. S. D. A. Agricultural Research Service, Gainesville, and Gilbert E. Yost, U. S. D. A. Agricultural Research Service, Wenatchee, Washington	210
A Nomograph Relating Subjective and Objective Methods for Measuring Color of Florida Orange Juices, R. L. Huggart, Florida Citrus Commission, Lake Alfred, F. W. Wenzel, Florida Citrus Experiment Station, Lake Alfred, and R. W. Barron, Florida Citrus Commission, Lake Alfred	219
Instrumental Method for Determination of Titratable Acidity in Citrus Juice, R. W. Kilburn, Florida Citrus Cannery Cooperative, Lake Wales	222
Color Changes in Citrus Fruit as Measured by Light Transmittance Techniques, Otto L. Jahn and M. B. Sunday, U. S. D. A. Agricultural Research Service, Orlando	229
Irradiation Treatment of 'Valencia' Oranges and 'Marsh' Grapefruit, W. Grierson, Florida Citrus Experiment Station, Lake Alfred, and R. A. Dennison, University of Florida, Gainesville	233
A Method to Predict the Post-Harvest Incidence of Oleocellosis on Lemons, M. F. Oberbacher, Florida Citrus Commission, Lake Alfred	237
Effect of Holding Just-Turned Tomato Fruits at 45° F Prior to Ripening at 68° F, C. B. Hall, Florida Agricultural Experiment Stations, Gainesville	241
Packaging Methods and Diphenyl in Relation to the Keeping Quality of Tangerines and 'Valencia' Oranges, F. W. Hayward, W. Grierson and G. J. Edwards, Florida Citrus Experiment Station, Lake Alfred	244
Separation of Volatile Flavors from Celery, C. W. Wilson, III, U. S. D. A. Fruit and Vegetable Products Laboratory, Winter Haven	249
The Relation of Specific Gravity of Whole Fruit to the Internal Quality of Oranges, S. V. Ting and J. G. Blair, Florida Citrus Commission, Lake Alfred	251

Air Pollution by the Florida Citrus Industry, Its Causes and Prevention, Ralph W. Cook, Dunedin .....	260
Rapid Cooling of Florida Citrus Fruits with Forced-Air, J. Soule, University of Florida, Gainesville, G. E. Yost, U. S. D. A. Agricultural Research Service, Wenatchee, Washington, and A. H. Bennett, U. S. D. A. Agricultural Research Service, Athens, Georgia .....	262
The Systematic Analysis of Volatile Flavor Components in Orange Juices, R. W. Wolford, J. A. Attaway and L. J. Barabas, Florida Citrus Commission, Lake Alfred .....	268
Detection of Diacetyl and Acetylmethylcarbinol in Processing Frozen Concentrated Orange Juice—An Investigation of Methods Employed, D. I. Murdock, Minute Maid Company, Orlando .....	274
Characteristics of Oranges from Three-Year-Old Trees, A. H. Rouse, Florida Citrus Experiment Station, Lake Alfred, E. L. Moore and C. D. Atkins, Florida Citrus Commission, Lake Alfred .....	283
2-Aminobutane—A Possible New Fungicide for Decay Control of Florida Citrus Fruit, A. A. McCornack and G. Eldon Brown, Florida Citrus Commission, Lake Alfred .....	288
Sample Size Selection in Relation to Pounds-Solids Variation, James G. Blair, Florida Citrus Commission, Lake Alfred, Roy G. Stout, Minute Maid Company, Orlando, and Frank G. Martin, Florida Agricultural Experiment Station, Gainesville .....	293
Effects of Storage Temperatures and Irridation on the Quality of Florida-90 Strawberries, G. D. Kuhn and Margaret S. Merkley, Florida Agricultural experiment Stations, Gainesville .....	296
A Tree Shaker Harvest System for Citrus, S. L. Heddon, U. S. D. A. Agricultural Research Service, Lake Alfred, and G. E. Coppock, Florida Citrus Commission, Lake Alfred .....	302
The Nutritive Value of Various Fractions of Citrus Pulp and the Effect of Drying Temperature on the Nutritive Value of Citrus Pulp, C. B. Ammerman, Florida Agricultural Experiment Stations, Gainesville, R. Hendrickson, Florida Citrus Experiment Station, Lake Alfred, G. M. Hall, J. F. Easley and P. E. Loggins, Florida Agricultural Experiment Stations, Gainesville .....	307
Preliminary Report: Detection of Differences Among State Test Extractors, William J. Hepburn, Minute Maid Company, Orlando .....	311

## KROME SECTION

Performance of Peach Selections at Homestead, Florida, Carl W. Campbell, Sub-Tropical Experiment Station, Homestead .....	324
Maturity of Minor Varieties of Florida Avocados, 1964-65, T. T. Hatton, Jr., and W. F. Reeder, U. S. D. A. Agricultural Research Service, Miami .....	327
The Green Sapote, A New Fruit for South Florida, Wm. F. Whitman, Rare Fruit Council of South Florida, Bal Harbour .....	330
The Jackfruit ( <i>Artocarpus heterophyllus</i> Lam.): *Its Culture, Varieties and Utilization, Julia F. Morton, University of Miami, Coral Gables .....	336

Avocado Soil and Root Rot Survey of Dade County, Florida, R. M. Burns, University of California, Riverside, D. A. Roberts, University of Florida, Gainesville, S. Goldweber, Agricultural Extension Service, Miami, and B. E. Colburn, South Florida Growers Association, Goulds .....	345
Carambolas for Potential Use in Gift Fruit Shipments, W. Grierson, Florida Citrus Experiment Station, Lake Alfred, and H. M. Vines, Florida Citrus Commission, Lake Alfred .....	349
Storage Trials with Limes, Avocados and Lemons in Modified Atmospheres, S. B. Salama, Department of Agriculture, Cairo, Egypt, W. Grierson, Florida Citrus Experiment Station, Lake Alfred, and M. F. Oberbacher, Florida Citrus Commission, Lake Alfred .....	353
Promising Methods for Correcting Iron Chlorosis in Avocados—A Preliminary Report, Simon E. Malo, Sub-Tropical Experiment Station, Homestead .....	358
Results of Recent Experiments on Control of Mango Anthracnose, Robert A. Conover, Sub-Tropical Experiment Station, Homestead .....	364
Fertilizer Trials with Kent Mangos, T. W. Young, Sub-Tropical Experiment Station, Homestead, Robert C. J. Koo, Florida Citrus Experiment Station, Lake Alfred, James T. Miner, Boynton Beach .....	369
Heterostyly and Pollination in Carambola, Robert J. Knight, Jr., U. S. D. A. Agricultural Research Service, Miami .....	375
Sources of Error in Foliar Analyses of Peaches, Nathan Gammon, Jr., and J. S. Shoemaker, Florida Agricultural Experiment Stations, Gainesville .....	378

#### ORNAMENTAL SECTION

Effects of Coated Fertilizer on Growth, Keeping Quality, Disease Susceptability and Chemical Composition of Field-Grown <i>Chrysanthemum Morifolium</i> , W. E. Waters, Gulf Coast Experiment Station, Bradenton .....	383
Copper Deficiency of Some Container Grown Woody Ornamental Plants, R. D. Dickey, University of Florida, Gainesville .....	386
A Comparison of Slow Release with Readily Available Fertilizers on Growth and Chemical Composition of Rhododendron Indicum 'Formosa', R. D. Dickey and R. T. Poole, University of Florida, Gainesville .....	393
Leaching of Mineral Elements from Cuttings and Their Possible Replacement by Foliar Application While Under Mist, Jasper N. Joiner and J. T. Gruis, University of Florida, Gainesville .....	399
Anemone Fertilization and Spacing, W. C. Meredith and T. J. Sheehan, University of Florida, Gainesville .....	404
Observation of Some Ixora Hybrids in South Florida, Lewis E. Watson, Florida Agricultural Extension Service, Fort Lauderdale, and Paul Swedroe, Paul Swedroe Nursery, Fort Lauderdale .....	406
Philodendron Improvement Through Hybridization, R. H. McColley, Bamboo Nursery, Inc., Orlando, and H. N. Miller, University of Florida, Gainesville .....	409
Photosynthesis in Chrysanthemum Cut-Flowers, S. S. Woltz, Gulf Coast Experiment Station, Bradenton .....	415

Taiwania—A New Evergreen Conifer for Florida, Edwin A. Menninger, Stuart .....	417
Alternaria Chrysanthemi in Florida, E. K. Sobers, Georgia Coastal Plain Experiment Station, Tifton, Georgia .....	419
Plant Parasitic Nematodes on Ornamentals, R. S. Mullin, Florida Agricultural Extension, Gainesville .....	422
Gladiolus Stimulation by Parathion Treatment of Corms, R. O. Magie and A. J. Overman, Gulf Coast Experiment Station, Bradenton .....	424
Effects of Growth Regulators on Growth, Flowering and Chemical Composition of <i>Chrysanthemum Morifolium</i> 'Bluechip', R. T. Poole and Huei-Kuen Ying, Florida Agricultural Experiment Stations, Gainesville .....	428
Insect and Mite Control on Roses, L. C. Kuitert, University of Florida, Gainesville .....	433
Influence of Hot-Water on Viability of <i>Cyperus esculentus</i> and <i>Cyperus Rotundus</i> Tubers, W. E. Waters, Gulf Coast Experiment Station, Bradenton .....	437
The Effect of Natural Amino Acids on Severity of Bacterial Leaf Spot of Chrysanthemums, R. H. Littrell and S. S. Woltz, Gulf Coast Experiment Station, Bradenton .....	440
Efficacy of Broad-Spectrum Soil Fumigants for Control of Rootknot Nematodes in Gladiolus, A. J. Overman, Gulf Coast Experiment Station, Bradenton .....	445

ANNUAL REPORTS

Necrology .....	450
Report of Florida Agricultural Council .....	453
Report of Executive Committee .....	453
Annual Business Meeting .....	454
Resolutions .....	454
Report of Membership-Committee .....	454
Report of Treasurer .....	455
List of Members .....	456
Index .....	469
