Volume CIX

Printed June 1997

CONTENTS

|  |      |
|--|------|
| Board of Directors for 1996 .....              | ii   |
| Board of Directors for 1997 .....              | iii  |
| Presidential Address, Walter J. Kender .....   | viii |
| Presidential Gold Medal Award .....            | xi   |
| Awards for Outstanding Papers .....            | xi   |
| Awards of Honorary Membership .....            | xii  |
| Principal Address, Craig K. Kvien .....        | xv   |
| By-Laws .....                                  | 324  |
| Report of the Board of Directors .....         | 328  |
| Membership List .....                          | 331  |
| Index .....                                    | 341  |
| FSHS Membership Graph .....                    | 350  |
| List of Presidents: 1988 to Present .....      | 351  |
| List of Honorary Members .....                 | 351  |
| List of Available Proceedings .....            | 352  |
| Conversion Table: U.S. & Metric Measures ..... | 353  |
| Editorial Policy .....                         | 353  |
| Julia McHugh Morton (1912-1996) .....          | 354  |

ORNAMENTAL SECTION

|   |    |
|---|----|
| Impatiens Height Control by Paclobutrazol for Plants Grown in Media Containing Compost, Kimberly A. Klock .....   | 1  |
| Effect of Plant Growth Regulators on Growth of 'Barbara Karst' Bougainvillea, James H. Aldrich and Jeffrey G. Norcini .....   | 3  |
| Response of Seventeen Poinsettia Cultivars to Growth Regulators, Gary J. Wilfret .....  | 5  |
| Diethylstilbestrol and In vitro Morphogenesis of Immature Coconut ( <i>Cocos nucifera</i> L.) Leaf Tissues, John L. Griffis, Jr., Richard E. Litz and Thomas J. Sheehan ..... | 8  |
| Effect of Late Growth Regulator Applications at Floral Bud Emergence and Stretch on Easter Lily Development, Cary J. Wilfret and R. A. Reiser .....                           | 11 |
| Preliminary Comparison of Three Full Circle Impact Sprinklers for Cold Protection in Shadehouses, Robert H. Stamps and Daniel W. McColley .....                               | 14 |
| Master Gardeners Providing Poverty Pockets of a Large Urban County with Ornamentals Using Volunteers, M. L. Schneider .....   | 17 |
| Effect of Temperature and Fungicides on Development of Alternaria Leafspot of Madagascar Periwinkle, John Paul Jones and Robert J. McGovern .....                             | 17 |

|  |    |
|--|----|
| Periwinkle Twig Blight Caused by <i>Colletotrichum dematium</i> on <i>Catharanthus roseus</i> L., R. T. McMillan, Jr. and W. R. Graves ..... | 19 |
| Enhanced Survival of Impatiens in a <i>Rhizoctonia solani</i> -Infested Medium by Biological Controls and Fungicides, R. J. McGovern ..      | 21 |
| Bamboo Mosaic Virus Detected in Ornamental Bamboo Species in Florida, M. S. Elliott and F. W. Zettler .....                                  | 24 |
| Preliminary Investigations with Fumigant Alternatives to Methyl Bromide in Floricultural Crops, James P. Gilreath and Daniel W. West ..      | 25 |
| <i>Acaethrix trymatulus</i> Found on Coconut Palms in Florida and Its Possible Association with Lethal Yellowing, Jon G. Rackley .....       | 28 |
| Response of Hibiscus to Organic Mulches, Stephen H. Brown .....  | 30 |

CITRUS SECTION

|   |     |
|---|-----|
| Deposition of Spray Material on Citrus Fruit and Foliage by Air and Ground Application, Philip A. Stansly, Robert E. Rouse and Richard P. Cromwell .....  | 34  |
| Management of Glyphosate-Related Citrus Fruit Drop, Clair G. Erickson .....   | 40  |
| A Comparison of Citrus Leaf Wash Methods for Removal of Zinc Nutritional Sprays, S. H. Futch and R. N. Gallaher .....   | 43  |
| Effects of Application Time and Spray Volume on Deposition, M. Salyani and W. C. Hoffmann .....   | 46  |
| A New Broad-Spectrum Herbicide for Citrus, S. D. Delaney and C. S. Morton .....   | 51  |
| Methods for Evaluation of Spray Chemical Phytotoxicity to Citrus, L. Gene Albrigo and Jude W. Grosser .....   | 52  |
| Insect-Plant Pathogen Interactions: Preliminary Studies of <i>Diaprepes</i> Root Weevil Injuries and <i>Phytophthora</i> Infections, Steven Rogers, J. H. Graham and C. W. McCoy .....  | 57  |
| Feeding Response of First Instar Larvae of <i>Diaprepes abbreviatus</i> to Different Novel Intergeneric Citrus Somatic Hybrids, J. W. Grosser and C. W. McCoy .....   | 62  |
| Evaluation of Fungicides for Management of Defoliation Caused by <i>Mycosphaerella citri</i> (Greasy Spot) in 'Hamlin' Orange, R. J. McGovern, E. O. Ontermma and M. Pacchioli .....  | 66  |
| Aphid Populations in a Florida Citrus Tristeza Virus Suppression Trial, R. R. Pelosi, E. E. Killer and R. C. Bullock .....  | 69  |
| Preplant Leaf Nitrogen Effects on Growth and Fertilizer Requirement of Young 'Hamlin' Orange Trees, Laura Guazzelli, James J. Ferguson and Frederick S. Davies .....  | 72  |
| Irrigation and Fertilization of Young Interset 'Hamlin' Orange Trees in Florida, Frederick S. Davies, Milton Tignor and Lorne A. Mathers .....  | 77  |
| User Perspective on Laboratory Analysis and Its Reliability, Esa O. Ontermma, Jeffrey Haines and Vija Reinholde .....   | 81  |
| Contamination of Irrigation Well Water by Residual Herbicides in Spanish Citrus Areas, D. Gómez de Barreda, E. Lorenzo, A. del Busto, C. Ramos, J. Piquer, A. Lidón, D. Gómez de Barreda, Jr., M. Gamón, A. Saez and J. García de la Cuadra ..... | 86  |
| Variation in Groundwater Nitrate Under an East Central Florida Citrus Grove, H. K. Wutscher .....   | 88  |
| Leaf Mineral Concentration, Growth, Yield, Fruit Quality, and Economics of 'Ambersweet' Orange on Two Rootstocks, Mongi Zekri ..  | 92  |
| Hail Damage: Physical Meteorology and Crop Losses, Steven Rogers ..   | 97  |
| The Development of New Citrus Rootstocks, James K. Dunaway, Sr. and Kenneth W. Dunaway .....  | 104 |
| Does Moving Undertree Sprinklers into the Canopy Add Protection from Cold Damage?, J. David Martsof .....   | 105 |
| Recent Developments in the Cuban Citrus Industry, Ronald P. Muraro and Thomas H. Spreen .....   | 110 |

|   |     |   |     |
|---|-----|---|-----|
| Interplant Competition and Rootstock Affect the Growth and Yield of 'Hamlin' Orange Trees Used for Replanting, William S. Castle and James C. Baldwin .....   | 115 | Management of Melon Aphid on Muskmelon and Watermelon with Insecticides Specific for Homoptera, Susan E. Webb .....   | 202 |
| An Overview of Florida Citrus Freeze Survival, George Yelenosky .....   | 118 | Experience with Emamectin Benzoate for Control of Lepidoptera Pest Species in Florida Vegetable Production, Craig S. Eckel, Dennis M. Dunbar, Stephen M. White and Jack A. Norton .....               | 205 |
| Optimizing the Long-Term Production of Citrus Farms, Heinz Prekel and Per Noddeboe .....  | 124 |   |     |
| Resetting and Replanting Options in Florida Citrus Groves and the Financial Consequences, Ronald P. Muraro and William S. Castle .....  | 128 |   |     |
| Optimum Temperature for Citrus Seed Germination, R. E. Rouse and J. B. Sherrod .....  | 132 |   |     |
|   |     | KROME SECTION   |     |
| VEGETABLE SECTION   |     | Grower Evaluation of Advanced Selections from the UF/IFAS Strawberry Breeding Program, Timothy E. Crocker, Craig K. Chandler and Daniel E. Legard .....   | 208 |
| N Fertilization Management for Drip Irrigated Bell Pepper ( <i>Capsicum annuum</i> L.), Nicole L. Shaw, George J. Hochmuth and Edward A. Hanlon .....   | 136 | Demonstration Plots of Alternate Fruit and Nut Crops for Central Florida, T. E. Crocker, J. G. Williamson and J. L. Jackson, Jr. ....   | 209 |
| Microirrigation and Antitranspirant Rates and Cultivar Effects on Tomato and Bell Pepper Yields, A. A. Csizizsky .....  | 141 | Gibberellic Acid (GA <sub>3</sub> ) Sprays Increase Fruit Set and Yield of Rabbit-eye Blueberries, J. G. Williamson, R. L. Darnell, G. Krewer and S. NeSmith .....                                    | 212 |
| Nitrogen Requirements of Drip-Irrigated Tomato, Salvadore J. Locascio, Allen G. Smajstrla and Michael R. Alligood .....   | 146 | Humidity as a Factor in Freeze Protection with Sprinkler Irrigation, Paul Lyrene .....  | 234 |
| Plant Petiole Sap Testing for Nitrogen and Potassium in Sweet Corn Grown on Mineral Soil, J. M. White, R. V. Tyson, E. A. Hanlon, G. J. Hochmuth and C. A. Neal .....   | 149 | Cherry of Rio Grande, Ralph H. Sharpe, Wayne B. Sherman and Renar J. Bender .....   | 220 |
| Application of Unprocessed Urban Plant Debris Directly to Land: Field Observations, Gerald Kidder, Marvin F. Weaver, David O'Keefe and Richard Vories .....   | 151 | Low-Chill Peach and Nectarine Breeding at the University of Florida, W. B. Sherman, P. M. Lyrene and R. H. Sharpe .....   | 222 |
| Reducing Nutrient Applications for Vegetable Production in the Lake Apopka Basin, C. A. Neal, R. V. Tyson, E. A. Hanlon, J. M. White and S. Cox .....   | 156 | Evaluation of Pecan Cultivars in North Florida from 1989 to 1996, P. C. Andersen .....  | 224 |
| Strawberry Plug Transplants: Regulation of Growth and Production, Eric B. Bish, Daniel J. Cantliffe and Craig K. Chandler .....   | 160 | The Potential of Autumn-Bearing Red Raspberries as an Annual Crop for Florida, Robert J. Knight, Jr., Jonathan H. Crane, Herbert H. Bryan, Waldemar Klassen, Bruce Schaffer and Carlos Balerdi .....  | 231 |
| Evaluation of the Potential for Commercial Asparagus Production in Florida, Donald N. Maynard, Gary A. Clark and George J. Hochmuth .....   | 164 | The 'Glenn' Mango, an Early-Maturing Cultivar, Carl W. Campbell and Richard J. Campbell .....   | 233 |
| Transplanter Mulch Hole Burner with Cycloidal Motion, L. N. Shaw .....  | 168 | Detection of Avocado Sunblotch Viroid and Estimation of Infection Among Accessions in the National Germplasm Collection for Avocado, Catherine M. Ronning, Raymond J. Schnell and David N. Kuhn ..... | 235 |
| Reducing Root-Zone Temperature to Enhance Heat-Tolerant Tomato Yield, H. Y Hanna, E. P. Millhollon, J. K. Herrick and C. L. Fletcher .....  | 170 | Suitability of Dade County Groundwater for Use in Micro Irrigation Systems, D. Pitts, T. Obreza, J. Capece, R. Muchovej, C. Yurgalevitch and J. Dymond .....  | 237 |
| Evaluation of Twelve Greenhouse Cucumber Cultivars and Two Training Systems Over Two Seasons in Florida, Robert C. Hochmuth, Lei Lani C. Leon and George J. Hochmuth .....  | 174 | Analyzing the Socioeconomic Characteristics and Consumer Perceptions of Table Grapes: "Fry" vs "Thompson Seedless", Stephen Leong, O. Lamikanra and Lucinda Theodore .....                            | 242 |
| Factors Affecting Cuticle Cracking in Tomato, C. L. W. Emmons and J. W. Scott .....   | 178 | Application of Gibberellic Acid on Grape Cultivar 'Orlando Seedless', Jiang Lu .....  | 246 |
| Effect of Calcium Carbonate and Micronutrients on the Development of Crown Rot of Tomato, John Paul Jones and S. S. Woltz ...   | 182 | Effect of Pruning on Quality of 'Alachua' Muscadine Grape, D. J. Gray, J. W. Harris, T. E. Crocker and K. T. Kelley .....   | 247 |
| Efficacy of 1,3-Dichloropropene Formulations for Control of Plant-Parasitic Nematodes on Tomato, Robert McSorley and Robert J. McGovern .....   | 184 |   |     |
| Evaluation of Pepper Tolerance to Selected Preplant Herbicides, W. M. Stall and J. P. Gilreath .....  | 187 | HANDLING & PROCESSING SECTION   |     |
| Effect of Incorporation Method on Pebulate Efficacy Under Polyethylene Mulch in Tomato, James P. Gilreath, John P. Jones and Joseph W. Noling .....   | 190 | Measuring Grapefruit Juice on a Percent Weight Basis for Maturity Standards, W. F. Wardowski, M. Rains, V. Zhiteleva and P. D. Petracek .....   | 249 |
| Tomato Irregular Ripening Symptom Development Induced by Silverleaf Whitefly in Dwarf Cherry Tomatoes, Shahab Hanif-Khan, Robert C. Bullock, Peter J. Stoffella, Charles A. Powell, Jeffrey K. Brecht, Heather J. McAuslane and Raymond K. Yokomi ..... | 193 | Effects of Selected Preharvest Factors on Postharvest Pitting of White Grapefruit, Peter D. Petracek and Craig Davis .....  | 251 |
| Management of the Tomato Pinworm, <i>Keiferia lycopersicella</i> (Walsingham) (Lepidoptera:Gelichiidae) in South Florida, Dakshina R. Seal and Elzie McCord, Jr. ....   | 196 | Technique for Abrasive Damage Assessment of Citrus, W. M. Miller and W. L. Verba .....  | 254 |
| Methyl Iodide a Replacement of Methyl Bromide as a Soil Fumigant for Tomatoes, R. T. McMillan, Jr., H. H. Bryan, H. D. Ohr and J. J. Sims .....   | 200 | Effect of Nature Seal® on Maintaining Carotene in Fresh-Cut Carrots, Xiuhua Chen, Craig A. Campbell, Lucie A. Grant, Pieyin Li and Margaret Barth .....   | 297 |
|   |     | Ethylene Treatment of Carambolas Prior to Quarantine Cold Treatment, W. R. Miller, R. E. McDonald and Maria Trunk .....   | 260 |

|  |     |
|--|-----|
| Volatile Composition and Interaction Influence Flavor Properties of Mango ( <i>Mangifera indica</i> L.), T. M. M. Malundo, E. A. Baldwin, G. O. Ware and R. L. Shewfelt .....                                  | 264 |
| Blueberry Fruit Quality and Storability Influenced by Postharvest Application of Polyamines and Heat Treatments, Fouad M. Rasiouny .....   | 269 |
| Lychee Color Can be Better Maintained in Storage through Application of Low-pH Cellulose Coatings, Raymond G. McGuire and Elizabeth A. Baldwin .....   | 272 |
| Infestation Studies on Lychees and Longans to Determine Their Host Status in Relation to the Caribbean Fruit Fly, Walter P. Gould, Ru Nguyen, Michael K. Hennessey, Jennifer L. Sharp and Jonathan Crane ..... | 276 |
| Evaluation of Biological Products for the Control of Postharvest Diseases of Florida Citrus, G. Eldon Brown and Melvin Chambers ....   | 273 |
| Measuring Efficiency in Florida Fresh Citrus Packinghouses, 1994-95 Season, R. P. Muraro, W. F. Wardowski, W. M. Miller, J. J. VanSickle and A. Heyman .....   | 282 |
| Comparison of Cooling and Packaging Methods to Extend the Postharvest Life of Okra, Steven A. Sargent, Abbie J. Fox, Eliamar C. M. Coelho and Salvatore J. Locascio .....                                      | 285 |
| Postharvest Quality of an Astringent Persimmon Variety after Long-Term Storage Followed by Ethephon Treatment, M. A. Moura, L. C. Lopes and C. L. Moretti .....  | 337 |

GARDEN AND LANDSCAPE SECTION

|   |     |
|---|-----|
| Production and Consumer Acceptance of an 'Orange Type' Spaghetti Squash in Florida, Audrey M. Hamner and Peter J. Stoffella .....       | 291 |
| Jacksonville's Urban Gardening Program: 1977-1996, James M. Stephens, Terry B. DelValle, Barbara Daniels and Marcia K. Oehler .....     | 294 |
| Organic Soil Amendments Studies with Tomato, J. M. Stephens and S. R. Kostewicz .....   | 296 |
| Yield and Carotene Content of Organically Grown Carrot ( <i>Daucus carota</i> ), J. S. Moscatello, S. R. Kostewicz and C. A. Sims ..... | 299 |
| Use of Native Aquatic Plants as Backyard Ornamentals, David L. Sutton and D. Lamar Robinette .....                                      | 301 |
| 1995-1996 Winter Overseeding Trials on Fairway and Putting Green Bermudagrass, S. F. Anderson and A. E. Dudeck .....                    | 304 |
| Effects of Production Shade Levels on Leaf/Stem Size and Vase Life of Three Herbaceous Perennials, R. H. Stamps .....                   | 309 |
| Two-Year Evaluation of Pansy Cultivars in the Florida Landscape, T. K. Howe and W. E. Waters .....                                      | 311 |
| Build Green and Profit: A Model of A Stand Alone Extension Delivery Program, M. E. Swisher and Debbie Roos .....                        | 318 |
